

Rhode Island Health Care Association and Celtic Consulting presents: ICD-10 Recap

Training Description

With the implementation of PDPM slated for October 1, 2019, diagnosis coding will take on even more importance. Diagnoses, both hospital and SNF conditions, will need to be reported on the MDS and will be a major impact on reimbursement. Reinforce your skills now and be prepared for assigning Clinical Case Mix Groupings under PDPM.

Training Objectives

1. Review of intermediate ICD-10 principles.
2. Review of coding conventions and guidelines pertinent to the Skilled Nursing Facility setting.
3. ICD-10 Coding tips for PDPM.
